Consent for Autopsy

Date: _____ Patient Name: _____

Medical Record #: _____

I certify that I (print name) _____ am the (relationship) _____ of the Decedent, _____ and have the right to control the disposition of the remains of said Decedent. I hereby authorize and contract the University of Florida Board of Trustees ("University"), for the benefit of the University of Florida Department of Pathology, Immunology and Laboratory Medicine, College of Medicine, to perform a complete autopsy of such Deceased and the removal of such structures, organs and/or tissues, as deemed necessary, along with the collection of body fluids, for special analysis, unless otherwise indicated below. University, through its physician(s), will prepare all required documentation that comprises a complete autopsy report in accordance with licensing board requirements; University's policies, procedures, bylaws, rules and regulations; and all other applicable state and federal laws. All autopsy reports or other records prepared by University physician(s) in connection with the autopsy will be the University's property. Copies of autopsy reports can be requested, in writing, from the above address.

I also authorize any cemetery authority, licensed funeral director or licensed hospital, having custody of such remains, to permit or assist such autopsy and examination, including the transportation of the remains to/from the hospital or mortuary, as may be arranged by you for such autopsy examination. The undersigned acknowledges that once University delivers the body to an appropriate facility after the autopsy services, as applicable, University shall have no further responsibility in connection with the body.

I agree to provide or assist University in acquiring the following documentation prior to the autopsy: (i) a copy of the Deceased's complete medical record for the current admission, if applicable, as well as all past medical records if available; (ii) the name and phone number of the appropriate contact person(s); (iii) the contact information for the Deceased's physician(s); and (iv) other applicable documentation requested by University physician(s) necessary to provide the autopsy services.

Unless specifically limited, the autopsy will be a complete autopsy.
